

Table of Content

Chapter 1: Introduction
1.1 Organization Profile
1.2 Introduction
1.2.1 Project Definition
1.2.2 Importance of System
1.2.3 Background / Objective of System
1.3 System Details
1.3.1 Existing System
1.3.2 Proposed System
1.4 Scope of System
Chapter 2: Proposed System Requirement Gathering
2.1 Stakeholder of System
2.2 Consolidated List of Requirement
Chapter 3: System Management & Planning
3.1 Hardware – Software Requirement
3.2 System Planning
3.2.1 Work Breakdown Structure
3.2.2 Gantt Chart
3.3 Process Model
Chapter 4: System Analysis and Design
4.1 E - R Diagram
4.2 UML (Unified Modeling Language)
4.3 System Flow Diagram
4.4 Data Dictionary
4.5 User Interface (Wire Frames)
4.6 System Navigation
4.7 Front End Design

Chapter 5: Input / Output Design
Chapter 6: Testing
Chapter 7: Summary (Future Scope And Conclusion)
7.1 Assumption
7.2 Limitations
7.3 Future Scope of System
7.4 Conclusion
Bibliography
